

HELP WANTED FULL & PART-TIME

We are looking for a few new faces for our office/wellness center.

We are a full-service nutritional store/clinic positioned as a helpful source of caring, objective, affordable and sensible products and services for a healthy life.

If this industry/type of service interests you or you might know someone would be a fit, please keep reading.

We have immediate openings at our 27th and Lincoln clinic.

We are seeking people who care about nutrition and health as one of the benefits is being able to get high quality products at near our cost. We also offer a work environment that's about as stress-free as it comes.

We are looking for someone who can help us

- work the front office
- respond to customer requests
- ring up sales
- call clients for follow-up appointments
- order products (we have 700+ products from 72 different suppliers)

We also need help with our social media and writing website articles/updates. If that's something you enjoy, it's a big plus.

If you're interested, or know someone who is, please use our online form to make the introduction:
